

Do you have a King Soopers Card?

We are proud to partner with the King Soopers Community Reward Program. If you have a King Soopers card, you can help support The Pucusana Project every time you buy groceries, with NO cost to you!

Each quarter, the King Soopers Charity Foundation donates a portion of their funds to the nonprofits in their Rewards Program. Donation amounts are based on how many households have signed up to support each specific nonprofit. The more households signed up under a nonprofit, the more money King Soopers donates.
